modulate to the work-culture of your team

Redesign your workplaces environment today. ZEN•T lets you expand, revitalise, and convert working quarters at any time to suit distinctive work-culture. For example, what's ideally configured yesterday as a 2-person space might be required to evolve to necessitate 8-person workplace in tandem with your company's growth in the creative department. And you can do just that by using existing elements. That's because ZEN•T simply can!

brainstorming

This organization differentiates through freeing itself with a variety of spaces to explore and bounce ideas.

managing

This organization empowers management. Absolute privacy can be achieved with ZEN•T80 full or semi height walling.

teaming

The organization encourages open, friendly and teamworking spirit. Settings combine ZEN•T60 low workstations stimulate robust collaboration.

Consulting

This organization makes supervisory easily accessible with ZEN•T hybrid.

developing

This organization characterized itself as the creator, hence infinite privacy must be conditioned. And, superb storage space for its vast collection of reference materials must be respected. ZEN•T hybrid answers.

administering
